

# VOWA Spring Fling

May 16th, 2018 (Rain date: May 23rd)

10:00 a.m.-10:00 p.m.

*Come for the day or pick your time, but do plan on coming for good food, good company and a good time! Although we don't have a set-in-stone schedule, here is a tentative one. What we do depends on what YOU want to do. This is a laid back, easy-going day for having fun and creating more outdoor memories with fellow members and friends!*

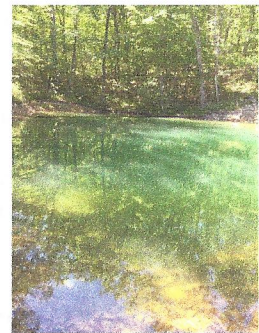

10:00 a.m. Brunch - If W.T. has a successful spring gobbler season, we will again offer wild turkey biscuits and fruit for the early birds. We do need a head count for this so we know how much turkey to fix. We will also have "wild teas," coffee and pastries.

11:00 a.m. - Back by popular demand: Weedy Walkabout. We will do a short woodland and field walk, identifying wild plants and what they may be used, especially for outdoor first aid emergencies.

12:00 or whenever - W.T. Will take anyone interested in our game management and wild life food plots around our mountain to see several fields and two mountain ponds. Bring your camera because we usually see either turkeys, bear or deer.

4:00 p.m. Feast time! We are hoping for shrimp and maybe other seafood and of course, chicken. We would love for you to bring your favorite dish, however, please don't let that keep you from coming because it sounds like we are going to have plenty of food thanks to Linda and Frank Mundy's efforts. However, you may BYOB.

5:00 p.m. If you bring your guns, you may want to venture up to our shooting range. You may shoot clays, pistol silhouette, and rifle targets from 50 to 300 yards.

6:00 p.m. Franks Whack A Mole Egg Shelling contest with prizes. This is a priceless opportunity! Also time to light the campfire roast marshmallows.

7:00 p.m. If you brought a musical instrument, now is the time to get it out and share a few songs. Hope everyone has a favorite song to contribute!

When we run out of songs, tall tales will prevail!

10:00 p.m. My bedtime. Good night!
